15<sup>th</sup> December 2014

#### Final paper Submission

31<sup>st</sup> January 2015

Conference of the European Manufacturers of Mortars, Plaster & Renders, Adhesives, Screeds and ETICS

The European Mortar Summit is the biennial gathering of the manufacturers of mortars, plaster & renders, adhesives, screeds and ETICS to exchange views on topical subjects and future trends.

The organisers of the 2015 Mortar Summit have responded to the feedback from previous events, asking both for more technical and business related topics. The next summit will therefore provide a technical and business conference for industry experts to consider recent technological and product developments as well as market trends. The summit will be complemented by a high level congress on a major theme for experts and industry leaders.

The 2015 congress is dedicated to the very topical main theme "Moving towards a Circular Economy" and will invite prominent speakers from the European Commission, national legislators and industry to address the status quo, envisaged measures and timelines, as well as challenges and good practice examples.

The 2015 Mortar Summit will be supported by a number of partners who will have, for the first time, an opportunity to exhibit their products, services and companies to their business partners.

With the conference, the congress and the exhibition, the Mortar Summit 2015 more than ever becomes the place to be for anyone related to the manufacturing of mortars, plaster & renders, adhesives, screeds and ETICS.

## Call for Abstracts

For the first time, the 2015 European Mortar Summit on 21/22 May in Lisbon (Portugal) dedicates the opening day to a conference for experts to present, discuss and exchange on technical and business/market related topics.

EMO invites experts from the mortars, plasters & renders, adhesives, screeds and ETICS producing industries, their supplying industries as well as researchers to submit abstracts focussing on the topics.

**The deadline for submission of abstracts is 30.11.2014.**

A committee will select from the submitted abstracts those to be presented by the authors in the respective session during the conference. The authors of all other submitted abstracts will be given the opportunity to submit a full paper and to present it in a poster session. For submission of abstracts & papers and posters, the authors are requested to use the given templates which are available for download on the conference website.

All papers will be part of the conference package that will be handed out to all participants of the Mortar Summit. Furthermore, papers will be available for download from the conference website.

**The deadline for submission of full papers is 31.01.2015**

**For more Information,  
Registration &  
Abstract submission go to:**
